

CCP Summer School Playing with Photomontage

A WORKSHOP FOR CHILDREN AND TEENS AGED 8-13 YEARS

The CCP summer school offers children and teenagers the opportunity to be inspired and engaged by the process of making art. Qualified Art Teacher and CCP Education Officer, Melissa Bedford will encourage participating students to use their imaginations to create unique artworks. All materials for the workshop are provided.

This activity introduces the playful, illustrative style of photomontage. Taking place inside the gallery, children will be guided through a process of exploring and selecting found images and incorporating printed and patterned papers to create their own fantasy images—the choice of subject is up to their imaginations! Children will take home their own photomontage creations.
